

Help alaa family

Alaa and his sister

"My sister was more than just a sister to me; she was my closest friend, my companion in everything, and someone I can't imagine my life without. It wasn't the small age difference between us that bonded us, but the emotional and intellectual closeness that made her an inseparable part of my life. She was always by my side, thinking like me, sharing the same dreams and ambitions. She even chose to follow in my footsteps in the field of Information Technology, driven by our shared desire to build a better future for our family.

Even though life has separated us geographically, a picture we took together before I left Gaza when I was sixteen has remained a symbol of hope and the unbreakable connection between us. We would constantly talk, plan, and study together, dreaming of the day we could rescue our family from the hardships they face."

My family in Gaza is in urgent need of medical help and support. Every euro counts. Please donate or share
